Adhesive Sheets 	• Use to adhere intricate die-cuts • Peel backing and adhere to cardstock before die-cutting • Die-Cut image • Peel other backing and stick to your project • HELPFUL TIP – when die cutting words, make sure the adhesive is placed on the backside of the cardstock before die-cutting
Foam Adhesive Sheets 	• Double-sided foam adhesive • Can be cut with scissors or dies for added dimension • When using for die cutting, follow the tips for Adhesive Sheets
Foam Adhesive Strips 	• Double-sided foam strips • Perfect for making shaker cards
Fine-Tip Glue Pen 	• Use for adhering small embellishments, glitter, and detailed die-cuts • Can use to add a glossy 3-D look to images (much like Crystal Effects that Stampin' Up! no longer carries)
